

## FAQ's and Information Sheet (Please keep this page)

### When does the 2024/25 season start?

The first day of league play are as follows:

Wednesday, September 4, 2024 @ 4pm

Saturday, September 7, 2024 at 9am

Sunday, September 8, 2024 at 4:30pm

### What is the Sunday Match Play format and why is it only for Junior and Senior Divisions?

Our Sunday league is a more competitive league for our Junior and Senior Divisions. Played out in a handicapped match play format, there are 3 divisions based on bowler's averages (A, B or C). Each division plays each other weekly. Each "match win" by bowler or team receives 2 points. Total team points are also worth 2 points. Total points awarded per game is 8 and weekly 32.

#### ***For example:***

<u>Team 1</u>		<u>Team 2</u>	
Len	225	Charlotte	205
Scott	280	Shannon	265
Palmer	250	Chris	280
Total:	755	Total:	750

Team #1 would have 6 points as Len, Scott and Total would have received 2 points won. Team #2 would have received 2 points for Chris' win.

Starting last year, Sunday Match started at 4:30pm instead of 5pm as bowlers are now bowling 4 games a week instead of 3. With that, there will be less weeks that will allow for allotted time when it comes to high participation tournaments that run late. In previous years, we have found that on these tournament days there was an extremely low participation rate for league play, and we are hoping this will help assist families and bowlers to not feel as rushed in time commitments. The 4 games will still work out to be equivalent to the total numbers of games played per season in previous years.

### How long does the YBC season run?

The YBC season typically commences in September and runs until the end of April with our year end wind up and banquet occurring in the first half of May.
